Who am I? – leader's notes

Background to activity

Children will take part in a quick quiz to introduce them to a variety of carnivores.

Materials needed

- Pens and paper
- Leader's 'Who am I' Q&A sheet

Running the activity

Children can take part in the quiz individually or in groups. The teacher/leader reads out the description of each animal after which the children must write down the name of the animal they think it is.

Extension activities

- Make a fact sheet about one of the animals featured in the quiz. More info can be found at www.savingcatsanddogs.org
- Find out the conservation status of each animal in the quiz and draw up a chart from most to least endangered. Reasons why they are endangered can be added in. Facts can be found by visiting www.savingcatsanddogs.org/species-in-danger/
