

Wood Pasture & Parkland Volunteer feedback form

At this stage of the project we are testing how well the whole survey process works. For this reason, it is important to hear from you about how you found the survey and what we could do to improve the process. After this trial, we hope to launch this survey nationwide to create a baseline inventory of this unique habitat.

How did you hear about this project?

Do you have previous experience surveying habitats?

Do you have previous experience with volunteering?

Landowner contacts and permissions

How long did it take you to get the contact details for the landowner of the site you surveyed? (if applicable)

On a scale of 1-5, to what extent did having to find contact owner details put you off taking part in the survey?

How long did it take to obtain permission from this landowner to survey the site? (if applicable)

On a scale of 1-5, to what extent did having to obtain landowner permission put you off taking part in the survey?

Training

To what extent did you feel prepared for the survey methodology?

If you took part in one of our training sessions, to what extent did you think it prepared you for conducting surveys?

If you took part in one of our training sessions, to what extent did you think it made you more likely to complete a wood pasture survey?

How comfortable do you think you would have been undertaking a survey without the survey training day?

Survey method

How long did it take for you to complete the survey?

Yes No

Do you feel like the survey length is appropriate?

Yes No

If no, did you find it too long or short?

Would you have downloaded a free app to complete this survey if the option was available?

Yes No

Do you think that the survey complexity is appropriate?

Yes No

If no, did you find it too complex or too simple?

Did you find the survey guidance sufficient to explain the survey method?

Yes No

If not, what else would you like to see included in the guidance?

Survey value

Did you find the literature you were provided conveyed the value of the wood pasture habitat?

Yes No

Did you find the literature you were provided conveyed the value in surveying habitat?

Yes No

Do you feel you know more about the wood pasture habitat having participated in the survey?

Yes No

Survey future

Do you intend to continue to do these surveys to provide data for the Wood Pasture inventory?

Yes No

If not, could you let us know the reason you decided not to?

Do you feel you had enough support from PTES?

Yes No

Is there anything more that PTES could do to support you surveying wood pasture sites?
