

The Secret Orchard

A community orchard of heritage fruit trees, celebrates national

Orchard Blossom Day

Blossom days appear as if by magic through March, April and May, as the fruit trees gradually flower, from cherries to plums, pears and apples.

The Secret Orchard has an open invitation to everyone, on any day, to take time out to visit, and enjoy a mindful, peaceful stroll around the orchard, to experience this spring spectacle, and to reflect on this optimistic and inspiring time of year. The beauty of fruit trees in flower symbolises springtime and hope, for the fruit to follow.

There will be springtime poems by the log seats for you to sit and read, encouraging you all to slow down and enjoy this special moment in the year. If you would like to add your own poem please do.

The Secret Orchard, established 2022, is a very young orchard, full of hope and promise for the future. We found inspiration in visiting older characterful orchards nearby, here are just a few well worth visiting -

Tewin Orchard, postcode AL6 0LY, Fairfield Orchard, postcode SG5 4JJ
Codicote Community Orchard, postcode SG4 8XY.
