

Apple Blossom Day in the Walled Garden, Brotherton Park and Dibbinsdale Nature Reserve, Wirral, UK

Saturday April 27th 2024, 12-4 pm. Free Entry.

Picnic- DJ @Dance4plantsliverpool – Blossom microscopy -Flower sculptures

Everyone is welcome to join us for a community get together in the walled garden to celebrate Apple Blossom Day.

The orchard in the walled garden has undergone extensive renovation and replanting. Come and bask in the apple blossom. Get up close and personal with the apple flowers by viewing them under a microscope. Talk to our volunteers about the work being done to maintain the walled garden and nature reserve. We will also have folks from the Wirral tree planting scheme available for a chat. The artists Alison Bailey Smith's giant flower sculptures will be on view in the garden.

Colin has created a site with notes on all the fruit trees in the walled garden. Each tree has a unique QR code while walking round the orchard. <https://sites.google.com/view/treesofthewirral/fruit-trees-of-dibbinsdale>

Our special guest DJ Sam @dance4plantsliverpool will play a chilled blossom day mix. There will be a few refreshments available, but you are welcome to bring a picnic and blanket. There is no charge for entry. Public transport is available (eg walk from Merseyrail Spital or Bromborough Rake Station). If driving please park in the car park near the entrance to Brotherton Park.
